CORE SKILL

UI/UX METHODS

- UI Design
- UX Research
- Empathy Mapping
- Problem Solving
- Usability testing
- Prototyping
- Wireframing
- Design System
- Interaction Design
- Responsive Design

AI SKILLS

- Antigravity
- Figma Make AI
- Readdy AI
- Stitch
- ChatGPT
- Claude AI
- Gemini
- Relume AI

DESIGN AND PROTOTYPING TOOLS

- Figma
- Whimsical
- Illustrator
- Framer

SOFT SKILLS

- Adaptability
- Attention to Detail
- Open to Feedback
- Team Player

WORK EXPERIENCE & KEY PROJECTS

UI/UX Designer

Jul 2026 - Aug 2026

FREELANCING (Personal E-Commerce Project for learning)

E-commerce Platform – Saree Website

Designed the user experience for a South Indian saree e-commerce platform, focused on product discovery, visual browsing and product details

- Designed end-to-end customer journeys covering onboarding, product discovery, categories, product details, cart, checkout, orders, and profile management, with 30% fewer navigation steps across key flows.
- Structured product discovery and content placement using categories, filters, search, product cards, and visual galleries, targeting 35% lower navigation complexity.
- Built a scalable Figma design system with reusable components, variants, typography, spacing, and responsive patterns, establishing a consistent foundation for the new platform.
- Designed responsive customer and admin experiences covering product, category, order, and customer management while maintaining usability and accessibility standards.
- Used AI-assisted design workflows for UX exploration, content placement, and flow optimization, reducing repetitive design iteration time by 30% and accelerating design delivery.

UI/UX Designer

Oct 2025 - Aug 2026

INTELLIFER SYSTEMS

Lab Connect - Laboratory Discovery & Test Booking Platform

Designed a user-friendly laboratory discovery and test booking platform that helps users find tests, explore nearby laboratory services, book appointments, and receive reports digitally.

- Designed 3 connected experiences for Users, Admins, and Vendors, supporting the complete journey from test discovery and booking to sample collection and report delivery.
- Structured 6 test categories and a clear search-and-discovery experience, making it easier for users to understand available tests and choose the right service.
- Simplified the multi-step testing journey, reducing task complexity by ~30% through clearer flows, progressive information, and focused booking interactions.
- Mapped the complete 4-stage service journey — Test Selection → Booking → Sample Collection → Report — creating a consistent experience across the platform.
- Designed 50+ screens and reusable UI patterns across customer, admin, and vendor workflows, covering bookings, test management, laboratories, reports, users, and operational activities.

Lab Product - Laboratory Products E-commerce Platform

Designed a laboratory products e-commerce platform with Admin and Vendor portals for managing products, orders, inventory, and payments.

- Structured 3 key experiences across Customers, Admins, and Vendors, connecting product discovery, purchasing, order management, and operational workflows.
- Simplified product discovery and purchasing journeys, reducing task complexity by ~30% through intuitive navigation, clear product information, and streamlined interactions.
- Designed 50+ core screens covering login, home, product listing, product details, orders, profiles, addresses, coupons, categories, payments, refunds, and vendor management.
- Established a reusable design system with 50+ components and variables, allowing consistent UI patterns across customer and management portals.
- Designed responsive experiences with emphasis on usability, accessibility, and scalable information architecture, while using AI-assisted workflows to explore layouts, content hierarchy, and alternative interaction patterns.

EDUCATION

UI/UX Designer

Asthra E-Learning

Jan 2025 - Apr 2025

Bachelor of Computer Application (BCA)

Karpagam Academy of Higher Education, Coimbatore

2018 to 2021

SSLC & HSC Education

St. Michael's Higher Secondary School, Coimbatore

2016 to 2018

DOMIN EXPERTISE

E-Commerce, EV Mobility with multipurpose application, Cold Chain & Supply Chain, Lab Testing platform for Multisector products, B2C/B2B Platforms, SaaS Products, Admin Panels, Operational Dashboards, Booking & Order Management, Monitoring Systems, Internal Tools, Data Entry and Voice & Non Voice process

CERTIFICATE

- UI/UX Design - Asthra E-Learning
- Figma Bootcamp - Lets Upgrade+ NSDC

- English
- Tamil

WORK EXPERIENCE & KEY PROJECTS

UI/UX Designer Intern

Jun 2025 - Oct 2025

INTELLIFER SYSTEMS

EV Battery Swapping Ecosystem – Multi-App Platform

Contributed to a multi-application platform for an EV battery swapping ecosystem.

- Designed experiences across 5 interconnected applications like Customer App, Bike Mover App, Station In-charge App, Warehouse App, and Central Operations Dashboard.
- Created end-to-end journeys for onboarding, battery booking, subscription, wallet, QR swapping, and ride management, reducing user effort by 25% across key workflows.
- Designed task management, inventory handling, and battery tracking workflows, increasing task completion efficiency by 30%.
- Established shared components and interaction patterns across 5 applications, creating a scalable UX foundation for the EV ecosystem.
- Defined role-specific workflows and a unified UX structure, enabling consistent experiences across the entire EV battery-swapping ecosystem.

FREEZE FRESH - Connecting Cold Storage

Jan 2025 - Apr 2025

UI/UX Designer (Personal Project)

Freeze Fresh — Cold Storage Booking Platform (Concept Project)

Contributed to a multi-application platform for an EV battery swapping ecosystem.

- Conducted UX research and competitor analysis to understand cold-storage booking needs, user pain points, and existing booking patterns.
- Designed end-to-end user journeys, information architecture, and wireframes for cold-storage discovery, facility comparison, availability, and booking.
- Developed a scalable design system with reusable components, variables, and responsive UI patterns for a consistent experience.
- Iterated on the experience through usability-focused design exploration, refining navigation, forms, CTAs, and overall booking flow.

BPO WORK EXPERIENCE

FREELANCING

Jan 2024 - Mar 2025

Albion India Nidhi Limited

- Successfully achieved daily targets by engaging with potential customers to list their properties. Contacted property owners to facilitate postings on the company website, enhancing property visibility. Managed and updated bank auction-based property listings to attract prospective buyer

ASSOCIATE

Jul 2023 - Dec 2023

NAWKAR Technology Pvt Ltd
